Claims Assessment Process

- Step 1.** A claim is filed through the Homeowner Portal at homeowner.anhwp.com
- Step 2.** We'll review the claim and issues to determine if they're warrantable under Alberta's *New Home Buyer Protection Act*.
- Step 3.** We'll schedule a claims assessment or inspection with the homeowner; the builder may also be in attendance.
- Step 4.** We'll assess the issues and will provide the homeowner a report outlining our decision.
- Step 5.** If the report finds warrantable defects, we'll work with the homeowner and an accredited representative to fix and resolve the issues.
- Step 6.** If the homeowner disagrees with a decision and wishes to contest it, there are other claims resolution options available including section 519 of the *Insurance Act*.

Your Home Warranty Insurance Coverage
